Product Description

ABENA's Shampoo Cap with Conditioner is a perfect solution in situations when you don't have access to a traditional bath with water. The shampoo cap has been specifically developed for bedridden people, but can easily be taken with you, for example on a camping holiday or hiking trip. The Shampoo Cap's shampoo and conditioner are mild and gentle on skin and hair. We recommend to heat the shampoo cap in the microwave before use - this provides extra comfort and a nice feeling that almost feels like having a real bath. Our shampoo cap is an easy and effective solution for people who appreciate the feeling of clean and freshly washed hair.
