

Product Main Number 6966

## Intensive Care Cream, ABENA, 100 ml, no colourant or perfume, 70% lipids

- ✓ High barrier effect - Up to 5 hours of skin protection
- ✓ 70% lipid content, which is ideal for sensitive and very dry skin
- ✓ Maintains the skin's natural moisture balance

### Product Description

ABENA's Intensive Care Cream is specially developed for the care of very dry and irritated skin and acts like a rich moisturizer. The enriched formula with 70% lipids, creates a natural barrier without leaving the skin feeling greasy. The barrier effect lasts up to 5 hours, making it very suitable for various skin conditions. ABENA's Intensive Care Cream is a thick and rich cream with a smooth and light texture that makes it easy to apply on dry areas. Recommended for very dry or irritated skin. Can be applied to both body and face, as well as hands and feet, making it a great all-round cream for the whole family.
